

Automated Torch Changing System

FOR ALL ROBOTIC WELDING SYSTEMS

ATCS-4

Cycle Time 15 seconds or less
Welding Torch Slots 4

EASY. QUICK. REPEATABLE.

FEATURES

- Adaptable for Abicor Binzel WH series torches
- Four (4) welding torch slots
- Customizable for more welding torches
- Can setup multiple systems in a row
- Powder coated stand for corrosion resistance
- Optional controls & pneumatics package
- Optional mounting stand
- Low maintenance

BENEFITS

- Reduces critical system down time
- Ability to quickly change welding tasks
- Fast and reliable torch change
- Quick replacement of wear parts
- Can work with any robotic welding system
